With public venues limiting the size of purses more and more, I found there is little room left for a full wallet after keys and just a cell phone. I dove into my scrap bin and came up with this minimalist card holder that can hold an ID, a few credit cards, and even some cash.

Use the Shuffle to present gift cards to friends and family, or for yourself! This is a great co-worker and student gift to hold cash within ID lanyards as well.

IMPORTANT NOTES:

Please read all instructions **BEFORE** starting your project. All pictures are using faux leather, but instructions are all the same with other non-fraying substrates.

1/8" Seam Allowance unless noted.

RS - Right Side of fabric

WS - Wrong Side of fabric

MATERIALS REQUIRED:

- 9 1/2" x 5" cut of Cork/Leather/Vinyl
- Marking Instrument
- Pattern Template

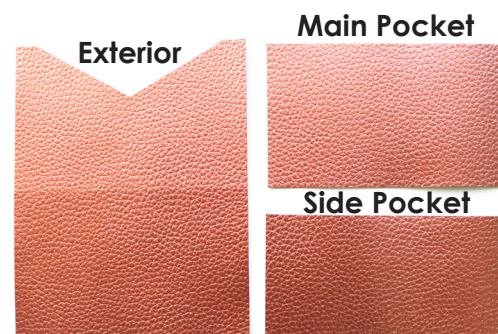

ADDITIONAL NOTIONS:

- Cutting Mat
- Matching Thread
- Scissors and/or X-Acto Knife
- Ruler
- Clips
- Teflon or Walking Foot

INSTRUCTIONS:

1. Use pattern templates to cut card holder pieces. Then sub-cut along the pocket line for two separate pocket pieces.

TIP: Use the X-acto Knife and ruler to cut the notch for a clean sharp point.

2. Place Exterior WS up with straight edge at the top.

3. Place the Main Pocket on top of the Exterior WS together with the top and side edges aligned.

4. Place the Side Pocket (RS facing up) on top of the Main Pocket with sides aligned and 1/16" above the bottom edge.

5. Fold up the notched edge of the Exterior to align with the straight edge at the top. Check that sides are all aligned. Clip into place.

6. Top-stitch along both sides of card holder through all four layers. Back-stitch at the beginning and end of each seam. Trim threads.

Check out your handiwork!
